Referral Guide

In an effort to facilitate the referral and consultation process, we offer the following guidelines for utilizing Inner Circle Communities' Community H.O.P.E. services and resources. Community H.O.P.E. assists individuals and families with disabilities.

1. Provide individual consultation to assess service needs and interests.
2. Determine eligibility as a participant in program. This will be in collaboration with the Service Coordinator and ICC staff.
3. ICC's Community H.O.P.E must be identified as the client's ISP and service provider by the service coordinator.
4. Contact Community H.O.P.E at (614) 517-6272 or by email at intake.hope@innercirclecommunities.org to begin the intake process.
5. Community H.O.P.E staff will walk each client through the intake process and discuss any concerns.

The client will be accepted for full participation in the program once the Individual Service Plan and 20/20 are approved and received by DoDD.
